PROFILE

Passionate web development student with strong skills in HTML, CSS, JavaScript, and UI/UX design. Currently pursuing BS Computer Science at NFC Multan and learning React.js. Seeking a web development internship to apply my knowledge in building responsive, user-friendly websites and gain practical industry experience

PROJECTS

Portfolio Website

- Designed and developed a simple responsive personal website using HTML, CSS, and JavaScript to showcase projects, skills, and contact information.
- Built mobile-first responsive layouts using CSS Flexbox/Grid and media queries.
- Optimized performance and accessibility for cross-device compatibility.

Smart Management System

Final Year Project - 2025

- Built a role-based management app using React.js with responsive UI and real-time data handling.
- Used Mangodb/Node.js to manage authentication, database, and backend logic.
- Improved efficiency of task assignment, user control, and data visibility.
